

## Find Odd One Out

The figures below are grouped together on the basis of some specific criteria. You have to find the odd figure out and color it in red.

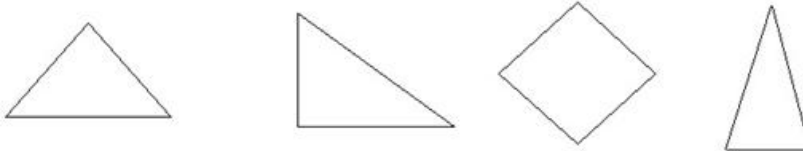

1. All the figures below have 4 sides except for one. Find the odd one out.

2. Below are some rectangles given except for one. Find that out.

3. Which among the following is not a triangle?

4. There is a list of squares given to you. Find which one among them is not a square.
