

Solution - Science puzzle 3

ACROSS

- 3 Ability to do work
- 4 It is the natural science of matter and energy and the relationships between them
- 8 It is the unit of Power
- 9 The process of adding solvent to a solution to lower its concentration
- 10 Emission and propagation of energy in the form of waves, rays and or particles
- 11 The distance between identical points of two successive waves

DOWN

- 1 Tabular display of chemical elements organized by selected properties of their atomic structures
- 2 An element with properties between those of a metal and non-metal
- 5 The change in the state of matter from the gas phase to the liquid phase
- 6 Adding oxygen to form an oxide
- 7 It is the SI derived unit for electric potential and electromagnetic force
- 8 H₂O
