

Percentage

Find the percent of the numbers given below.

1. 215 out of 860

$$\begin{aligned} &= \frac{215}{860} \times 100 \\ &= 0.25 \times 100 \\ &= 25\% \end{aligned}$$

Percentage =

2. 50 out of 100

Percentage =

3. 84 out of 100

Percentage =

4. 100 out of 4400

Percentage =

5. 407 out of 3700

Percentage =

6. 106 out of 4100

Percentage =

7. 194 out of 330

Percentage =

8. 324 out of 5400

Percentage =

9. 196 out of 9800

Percentage =

10. 2601 out of 5100

Percentage =

11. 7275 out of 9700

Percentage =

12. 6391 out of 7700

Percentage =
