

# Percentage

Find the percent of the numbers given below.

1. 20 % of 3800

$$\begin{aligned} &= \frac{20}{100} \times 3800 \\ &= 2 \times 380 \\ &= 760 \end{aligned}$$

Result =

2. 35% of 1200

Result =

3. 60% of 3400

Result =

4. 15% of 1500

Result =

5. 18% of 2800

Result =

6. 50% of 3212

Result =

7. 65% of 6700

Result =

8. 44% of 2200

Result =

9. 34% of 9000

Result =

10. 80% of 78500

Result =

11. 77% of 65000

Result =

12. 99% of 38000

Result =
